

GCSE COMPUTING	BINARY TO DECIMAL CONVERSION
NUMBER SYSTEMS	

Using either of the methods outlined, convert the binary values below to the decimal equivalents:

0000 1011

0001 1101

0101 1000

1101 0001

If you feel reasonably comfortable, try the other method now:

0010 1001

0110 0110

1001 0010

1011 0111
